

A Sivan 5 Pentecost This Year!

The new moon sighting over Israel on 06/03/2011 confirmed that Pentecost this year falls on Sivan 5, refuting the notion that for those who count the 50 days from Abib 16 it *must* fall on Sivan 6 each and every year. Here is the new moon report from Israel:

Subject: New Moon Sighting Report for 2011-06-03
Date: 6/6/2011 5:18:58 A.M. Central Daylight Time
From: moonsocll@gmail.com
Sent from the Internet (Details)

The Moon was seen Friday evening, 2011-06-03 in Israel and in Europe and North America. It was seen by telescope in America on Thursday evening, 2011-06-02.
