

# Sivan

The opposition *still* claims that if you count the Pentecost from the morrow after the festival Sabbath (as we do) instead of the morrow after the weekly Sabbath (as they do), Pentecost will *always* fall on Sivan 6. If you check our calendars, you will find that this is the third consecutive year in which Pentecost fell on *Sivan 5*. In fact, Pentecost has fallen on a date other than Sivan 6 five times out of the past ten years!
