Do 70 Jubilees predict the end of the world in 2015?

The 70 "sevens" in Daniel 9:24 are 70 Jubilee cycles. These 70 Jubilee cycles bring us to the end of the world.

When the children of Israel entered Canaan, their promised land, the LORD gave them sabbatical cycles and Jubilee cycles.

Sabbatical cycles are 7 years long and Jubilee cycles are 49 years long. Each Jubilee cycle consists of 7 sabbatical cycles. The 50th year is called the Jubilee.

Seventy "sevens" = 70 Jubilee cycles
 $70 \times 7 \times 7 = 3,430$ years

Seventy "sevens" are decreed for your people to put an end to sin and to bring in everlasting righteousness.

The 70 Jubilee cycles point to the time when God's people will no longer transgress His law. Eternal righteousness will be brought into their lives. Then Jesus will come to take them to heaven. The 70 Jubilees predict Christ's **second** coming.

The 70 Jubilees began in 1416 BC when God's children entered Canaan. The 70 Jubilees will end 3,430 years later in 2015 AD when God's children will enter heavenly Canaan.

God's people will be totally and permanently delivered from sin and Jesus will come again. The second coming of Christ will occur at the exact time predicted in Daniel's prophecy.

In 2015 there will be an end to sin in the world, Jesus will come the second time, and then the end of the world will come.
